Tests for verification of compliance with the requirements of the referenced standards. The variants only verify the compliance with the clause 4.6 requirements, from EN 131-1, and the compliance with the clause 6 requirements from EN 131-2.

## **Test Result**

The tested sample is in compliance with the standard requirements.

The test results are described in the Test Register No. 19-279191119.
